Press Release Source: Capital Gold Group, Inc. On Tuesday June 1, 2010, 8:13 am EDT

LOS ANGELES, June 1 /PRNewswire/ -- Capital Gold Group, Inc., one of America's leading providers of numismatic Pre-1933 gold coins, Precious Metals IRAs, and bullion coins and bars, has announced the launch of a brand new company website, www.StartWithGold.com.

In addition to a dramatic improvement in appearance, the new site design offers more efficient navigation and expanded content. Direct from the StartWithGold.com home page, visitors can see live spot pricing, listen to recent editions of 'The Gold Show' syndicated radio program featuring Capital Gold Group CEO Jonathan Rose, and request a free copy of CGG's Guide to Owning Gold and other Precious Metals.

Visitors on the home page are also only one click away from an overview of the company, its leadership, its green initiatives, client testimonials, and the ways in which CGG supports corporate social responsibility, including its recent corporate donation to Global Green USA supporting the cleanup of the Gulf oil spill.

Consumers seeking more detailed information about the history, wealth protection, and risk management benefits afforded by owning tangible gold assets will find in-depth topics relating to various gold assets and methods of physical gold ownership, including both gold for direct delivery and in Precious Metals IRAs.

"Our online visitors will now experience a more pleasing visual, navigational, and robust overview of physical gold," stated Mr. Rose. "They will quickly and easily be able to enrich their knowledge of gold so that they can make an educated decision for themselves, even if they have never bought gold before."

Visitors also now have the ability to preview the most sought after coins and bars and to follow Industry News, a section worthy of bookmarking for return visits.

There is also an introduction to Capital Gold Group's one-of-a-kind Gold Affiliate Program that enables financial professionals to offer gold and other precious metals assets to their clients.

From the year 2000 to 2010, gold outperformed the DOW, the S&P 500, and the NASDAQ, and has been therefore been dubbed 'the asset of the decade'. The per ounce price of spot gold since the year 2000 has increased by nearly 400%. Individual investors, central banks, hedge funds, and institutional investors are all holding increased amounts of physical gold as protection against erratic markets and diminishing paper currencies.

For over ten years, Capital Gold Group's team of highly experienced gold specialists has been best known for providing customers with expert recommendations on the best types of precious metals to help achieve their long-term financial goals. Capital Gold Group, accredited and highly rated by the Better Business Bureau, is committed to complete transparency in every transaction and also to setting the highest ethical standards in the industry.

Capital Gold Group is headquartered in Woodland Hills, California, and can be reached at 800-510-9594 and at www.StartWithGold.com.
